TGIM WEEKLY AUDIO: Embrace Change

**Transcription*

Thank God It's Monday!™ Change is rapid. Change is accelerating exponentially. In fact, it is not too outrageous to assume that today's jobs will not even exist 10 years from now... and you can't do a darn thing about it.

No person is guaranteed a job, but *you* can guarantee your employability. The military strategist Sun Tsu said, "In times of peace, prepare for war, and in times of war, prepare for peace." You may not love the change. You may not have had anything to do with the change, but at the end of the day, it is your job to make the transition to change, and make you a better you.

Have a great Monday!
